Monitor and control your kid's iPhones and iPads using these powerful parental controls! Set up daily screen time, configure the app blocker, restrict access to inappropriate websites and lock completely the device at any time and from anywhere.

Be empowered by a quick and simple parental control app with great features like Internet filtering, list of selected apps to be hidden or accessible to children, and much more.

Create your family and easily add your child's devices to be able to control it.

By using the Daily Screen Time feature, parents can configure the amount of time children will be allowed to use their iPhones, iPads and/or iPods during the day! Parents are also able to add bonus time to the day for children and set a list of always allowed apps!

Lock the device using the Time-Out feature and ensure kids will not be distracted with digital devices when they should be studying, sleeping or having fun with family and friends.

#### CONFIGURE RULES FOR THE SAFE USE OF IPHONES AND IPADS:
